ENIGMA PROJECT

180 MINS 8 GAMES

The Enigma Project comprises of a series of short, interactive spy related challenges. It can be run as either a 3 hour activity (8 challenges), or as a 6 hour activity (16 challenges). It can be run anywhere in the world and is suitable for groups of 10 - 1,000 participants.

There are 23 activities for you to choose from, including; cerebral code breaking challenges, deactivating bombs, deciphering clues to crack open safes, adrenaline filled shooting challenges and more...Within these options, there are challenges which cover communication, team spirit, diversity, support, efficiency, time management, flexibility, control and leadership. Our expert facilitators can discuss how teams applied each of these skills, as part of 'Mission Analysis' at the end of each activity.

Your group will be split into teams and will rotate around your selected activities. Throughout the day, teams compete to win as many Spy Dollars as possible (bespoke branded Spy Dollars are available for an additional fee). However, nothing is fair in the world of espionage and teams will quickly learn that there may be other means of earning their Spy Dollars! The team with the most Spy Dollars at the end of the day, will be crowned 'champions' and receive a winner's trophy!

All our staff are experienced event instructors, many are ex-military / special forces, so you can be sure that you will have a fun and exciting day in a safe and controlled environment.

Team building with heart - create, connect and make a difference...

Share A Bear is a powerful and rewarding team-building experience where collaboration and compassion come together to make a real difference. In this uplifting event, teams work together to craft teddy bears that will be donated to children entering emergency care. Each bear that is lovingly made will be donated to our charity partners, ready to become a trusted companion for a child in crisis. In a time when everything familiar has been stripped away and they have often left everything behind, these bears provide comfort, connection, and a much-needed friend. At the start of the session, we'll share a short, powerful video that shows where the bears will go and the incredible impact they have. It's a reminder that what guests are creating is far more than just a teddy bear — they're offering comfort, hope, and helping to restore a child's sense of safety, one hug at a time.

The experience begins with a series of fun, teddy bear-themed challenges designed to spark communication, teamwork, and creative problem-solving. As teams complete each challenge (descriptions available upon request), they earn the materials they need to bring their bear to life — with each participant making a bear of their own. But it doesn't stop there...

Teams will also design and create a unique T-shirt for their bear to wear, adding a personal touch of colour and creativity. To make each bear even more meaningful, guests are invited to write a heartfelt message on a tag, offering words of encouragement, comfort, and love to the child who will receive their bear. As the event concludes, teams will see the tangible impact of their combined efforts: a beautiful collection of handmade bears, each ready to bring joy and reassurance to a child in need.

This is a feel-good, high-impact finale that leaves teams not only proud of their teamwork and creativity but deeply connected to a cause that truly matters.

The Buddy Bag Foundation Charity and Our Bears

The Buddy Bag Foundation was founded in response to a heartbreaking reality: thousands of children are forced into emergency care every year after fleeing violent and abusive situations at home. In these moments of fear and upheaval, restoring even a small sense of safety and comfort can be the first step toward healing. That's where the Buddy Bag comes in. This amazing charity provides Buddy Bags filled with essential items — toiletries, pyjamas, underwear — as well as carefully chosen comfort items like a book and a teddy bear. These simple things offer more than just practicality; they bring reassurance, warmth, and a feeling that someone cares. We are really proud that the bears created during our 'Share A Bear' sessions will become a vital part of this mission, as each lovingly made bear will be donated to the Buddy Bag Foundation, ready to become a trusted companion for a child in crisis.

CRYSTAL MAZE.

A tribute to the renowned show, teams must solve puzzles to earn themselves as many crystals as possible. Once the activities are complete, it's time to take on 'The Dome.'

Fun, fast-paced and exciting, this team building event will utilise your teams' skills, testing their communication, logic, co-ordination, time management and problem solving abilities. Visiting different zones: physical, mental, mystery and skill, the number of crystals collected depends on your performance. The more crystals the more time in 'The Dome', the event's fun and furious finale!

CHALLENGES WILL INCLUDE SOME OF THE FOLLOWING:

Well Balanced: Team members must pass various weighted objects to each other without tipping the see-saw.

Team Tower: You must work out how to re-build a tower in this test of logic.

Toxic Waste: Work out a maths formula so you can divide up the hazardous waste, safe for disposal.

Barbecue Brainteaser: Solve the puzzle and then use the tongs provided to put it in the correct place on the barbecue.

Stocks & Share: Once in the "stocks" you must complete the jigsaw as a team. With limited reach and movement, co-operation and communication is essential.

Turf Wars: Teams compete in a game of strategy and sabotage to plant bigger flowers than their neighbours!

InstruMental: Teams solve our music challenge in order to build the puzzle correctly and then play a tune!

Team Tent: Team members must follow verbal instructions from a team mate to assemble a tent, whilst blindfolded!

Bank Job (indoor alternative): Teams must communicate and share information, analyse clues and use their logic to solve the mystery – ensuring justice is done!

Team Skis (outdoor only): The whole team must position themselves onto some giant skis and complete an obstacle course.

The Dome: Once all activities are complete, you're ready to enter the inflatable crystal dome! As fans blow tickets into the air, you must work against the clock to collect as many gold tickets as possible, avoiding the silver ones. Whichever team has the most gold tickets, will be victorious becoming the proud winners of the much coveted Crystal Trophy!

Notes

Guest numbers: 10 – 400

Cost: POA

Activity duration: 2 – 3.5 hours (indoors or outdoors)

Our requirements if indoors: ceiling of 3.5m for our dome

MORSE

CODEBUSTERS

All usual communications are down across the globe!

Your elite teams will need to tune into and decode urgent Morse transmissions from a network of covert agents, each holding a vital piece of the puzzle and crucial to completing a series of top secret challenges. This interactive event will demand seamless teamwork, razor-sharp strategic thinking and a good dose of fun, as teams master the art of decoding one of the oldest and most resilient forms of communication.

Your group will be divided into teams of approximately 10 guests, huddling around a dedicated command table, each equipped with a Radio Receiver that broadcasts signals both audibly and visually. The mission kicks off with a briefing on the fundamentals of Morse code – the legendary dot-and-dash system and the secrets to sending and receiving.

Each team will then intercept a series of encrypted messages from agents positioned in hotspots across the globe. They must tune into these transmissions on their Radio Receiver and swiftly decipher them. Once teams have cracked the code, decrypted messages must be rushed to 'Samuel Morse,' our designated Intelligence Officer at the front of the room. In exchange for a correctly decoded message, teams will receive a top-secret challenge to be completed back at their command tables. Only when each message is accurately deciphered and its subsequent challenge conquered, will teams unlock the next piece of the mission.

Teams will have a strict 2-hour window to decipher as many messages and conquer their accompanying challenges as possible. The team that successfully deciphers the most messages and submits the most correct challenge solutions will be hailed 'The Ultimate Morse Code Busters'!

A body has been discovered in suspicious circumstances!

Your venue is turned into an incident room and the delegates are now the detectives!! Wearing forensic investigator suits, they have to unravel what led to the death and who is the prime suspect. Led by real Scotland Yard trained detectives, the evidence will build through the course of the event as they analyse witness statements, bank and phone records, CCTV and police intelligence to create the timeline of events. They will also use real forensic techniques, visiting the crime scene, searching for further clues. Here they will dust for finger-marks and use odontology, shoe mark analysis and DNA to compare against the main suspects. The teams then present their timelines and theories and hear from the suspects in interview. The closest team to the truth will be the winners!!

EXAMPLE ITINERARY

- Introductions from our detective presenter
- Guests split into teams
- Examine the initial evidence and suggest lines of enquiry
- Review full evidential package together as a team
- 'Suit up' into real forensic coveralls, attend the crime scene, search for clues, take fingerprints, powder for finger marks, hear from witnesses, obtain custody samples from suspects including shoe marks and odontology
- Compare to evidence at the crime scene, produce and present team theory and hear from suspects in police interview
- Debrief and winning team announced!

Take one... Direct, act and edit a movie, using iPad Air, in this fun and creative film making event. Teams are given a short brief on the subject of their films, but you choose the medium - short film, documentary, music video, comedy sketch, promotional film or advertisement.

Then it's time to get creative as teams plan their storyboard and assign roles to their team, deciding who will be the Director and who will be in charge of filming, sound, costumes, location, acting and editing. Armed with tripods, lighting and microphone booms, and with access to our extensive collection of fancy dress costumes and props, teams then get into the 'zone' to film their movies.

Once the films are 'in the can' teams edit their movies using pre-installed apps, where they can zoom, cut, and add simple film effects. They can also choose from a bank of effects and music to create their soundtrack. As a fun finale, teams' movies are shown on our screen, with the winning team receiving their prizes in a closing awards ceremony. We can also award spot prizes for categories such as 'best costume', 'best editing' and 'best actors'.

CHARIOT CHALLENGE

Our Chariot Challenge is a thrilling team exercise that demands collaboration and communication to construct, manoeuvre, and dismantle a human-powered 'Ben Hur' style chariot!

COLLABORATIVE CONSTRUCTION

Your first challenge is to work together and decipher the intricate puzzle of piecing together the human-powered chariot. Then you will utilise effective communication, problem-solving, and team work to successfully assemble the chariot – but can your team manage it within the designated time?!

MANOEUVRING THE CHARIOT

Now it's time to test your chariot, by guiding it through a challenging slalom course, navigating blindfolded 'horses' and carrying a passenger acting as the guide... Effective communication, trust, and synchronisation are essential to manoeuvre the chariot through the course as many times as possible, showcasing the team's coordination and adaptability.

SWIFT DISMANTLING

Finally, you will need to exhibit organisational skills and efficient time management, as teams dismantle their chariots, emphasising collaboration and delegation to complete the task promptly.

This dynamic activity is great fun, guaranteeing lots of laughter and a memorable experience for all!

CREATIVE HOT WHEELS

Creative Hot Wheels is an exhilarating design, build, and race activity that unleashes the speed demons within your team.

Ideal for up to 100 participants, this outdoor event spans 1.5 - 2.5 hours, combining creativity with competition. It's not just about engineering vehicles; it's a test of creativity, vision, humour, and communication skills. During the activity, which can be tailored to your brand, teams concoct imaginative designs, fostering team bonding and camaraderie. Past themes include dust carts, mobile hotels, and international icons like yellow New York taxis.

Teams dive into an exhilarating blend of design, construction, and competition. Armed with a 6 foot canvas and a mission, they unleash their creativity during the design phase, shaping their vision of racing success. The build phase follows, where teams bring their designs to life using the materials provided, ensuring each detail contributes to race-ready perfection. As the creations take form, teams step into the spotlight, presenting their vehicles with insights into design thinking and team strengths.

The finale is a high-stakes race, featuring realistic heats and pit stops, as teams compete for victory in a dynamic, adrenaline-charged spectacle!

Teams are created, either pre-arranged, or through an engaging icebreaker and each are adorned in distinctive coloured t-shirts, igniting the spirit of healthy competition from the very start!

QUBE QUEST

Teams embark on a quest to earn QUBES through a range of fun-filled, light hearted challenges.

Challenges include:

- Harder hurdles, our more complex challenges that test participants' perseverance and skill.
- Fast and furious challenges that demand quick thinking and rapid execution.
- Logical puzzles that require analytical prowess and strategic problem-solving.
- Precision guesswork where accurate guessing will ensure you outperform rival teams.
- Achievable tasks which ensure a sense of accomplishment.
- Collaborative and solo - a mix of tasks that necessitate teamwork, or individual effort.

QUBE REASSEMBLY

For the finale, all teams join forces to rebuild the QUBE, reinforcing collaboration and collective effort as camaraderie and teamwork are brought to the fore, piecing together the challenge cubes.

Are you ready to take on The QUBE?!

Bear Grylls Survival Academy

Do you and your team have what it takes to survive?!

The Bear Grylls Survival Academy offer a unique opportunity to learn key survival skills in 'hands on' half, or full day packages. Taught by a range of hand-picked highly trained and knowledgeable instructors, this activity will teach you how to make the most of teamwork and leadership skills, whilst facing real life challenges. Recreated from some of the unique scenarios seen on Bear's TV programmes, you can choose a combination of activities to suit your team building objectives. Testing your teams performance, knowhow and communication skills, this certainly isn't an experience you will forget!

Activity Options

- **Axe Throwing** - learn how to perfectly rotate an axe and hit the target
- **Air Rifle / Pistol Shooting** - learn the essential skills and discipline to handle a firearm
- **Survival Arrow Archery** - perfect your archery skills, an essential wilderness skill
- **'Stranded' Survival Scenario** - what will you prioritise? Water, food, fire and shelter are top of the list...
- **Improvised Stretcher Race & Wilderness First Aid** - get your casualty to safety using what's in your backpack & surroundings
- **SAS Grenade Throwing** - learn to throw grenades effectively and with accuracy to destroy the targets*
- **Land Rover 'Sledge Pull'** - get your 'sledge' across the "ice" using just rope and communication
- **Know your Knots** - learn a variety of potential lifesaving knots
- **Lost at Sea** - you have access to a vessel, but can only take up to two-thirds of the team - who will make it?!
- **Spear Throwing** - make a spear out of a timber staff and knife, but can you hit the target?
- **Whiteout** - disorientated and with reduced visibility - use your skills to get safely back to base camp
- **Kims Game & Observation Lane** - observe, identify and memorize to retain and retrieve sensitive intel for your team
- **Navigation Challenge** - use natural features to navigate your way back to safety
- **Commando Crawl** - you make your way on top and across the hemp rope from one end to the other, commando style*
- **Pipeline Challenge** - water is more valuable than gold, build a pipeline to transport clean water
- **Raise the Flag** - utilize all the equipment provided and make sure you don't fall in the ice hole!
- **Tyrolean Traverse** - tackle this high ropes activity to pull yourself and crucial stores across*
- **Raft Building** - build a vessel from the equipment supplied - a test of confidence, creativity and team work*
- **The Tower** - organizing resupply of O2 needs planning, a common sense approach and a little problem solving

GO FOR THE GOLD

Teams compete in a range of fun, Olympic themed challenges in order to win medals. Activities are varied to suit all skills and are not just physical! We've also added some mental gymnastics to give the brain a workout too!

The 7 Challenges include:

Space Hopper Polo - A favourite British game with a modern twist - the horses are now inflatable!

Mini-Bike Match Sprint - A cycling pursuit race like you've never seen before. This cycle match sprint is held on the silliest little bikes you've ever seen!

Go with the Throw - Teams compete in our furiously frustrating but hugely entertaining Ping-Pong Shot Put, Paper Plate Discus and Floppy Foam Javelin. They won't go very far, no matter how hard you throw them, but it still makes for a funny spectacle watching people try.

Dummy High Jump - The high jump, but not as we know it! Teams must work together and co-ordinate their movements in order to launch the life-size dummy highjumper over the bar!

Bobsleigh - Due to lack of snow, teams must complete the bobsleigh course by moving the sledge along the course using rollers!

Team Slalom - Teams synchronise their movements and master the art of walking on the team skis before completing an obstacle course.

School Races - Teams compete in school race favourites such as the sack race and egg and spoon race.

Medieval

MAYHEM

Medieval Mayhem is an action packed team building event... Complete with knights, castles, jousting and trebuchets, teams complete a multitude of medieval activities in the 'Quest to be the Best'!

Teams begin by completing a series of medieval-themed team building activities. Challenges include; solving the 'Knight's Tour' chess puzzle, assembling their armies whilst incarcerated in the 'stocks', constructing a real suit of armour whilst blindfolded and completing a fun space hopper jousting tournament!

To get the medieval theme in full swing, teams then appoint a king and queen and tailor make them an outfit fit for a king. They then get the team spirit going, by creating their own team crest on a flag, to proudly depict their empire. For each team building challenge completed, teams earn ammunition. The better their performance in the team games, the more ammo they will have to use against the other teams in the final siege!

Once all team building activities are complete, teams decipher the 'Ye Olde Building Instructions' in order to assemble their trebuchet siege engine. To achieve the best throwing distance, they must experiment with different factors such as arm length, pivot position, counterweight and release angle.

Once built, they proudly display their team flags and intimidate their rivals by decreeing their superiority with some fighting talk. They must then use their best throwing technique to annihilate their opponents' castles in the 'Battle of all Battles'!

SUMMER FUN

Summer Fun is the perfect outdoor team building activity to bring your teams together. Sun-sationally fun and challenging, it's great for any group size or ability.

The Challenges:

BOUNCY BEACH FOOTBALL - Teams complete a match on space hoppers!

DUMMY HIGH JUMP - The high jump, but not as you know it! Teams must work together, co-ordinating their movements in order to launch the life size dummy high jumper over the bar.

COASTGUARD RESCUE - Some sailors are in trouble. Coastguards must use binoculars to read out their Morse code message. The rest of the team must decipher it in order to solve the conundrum and save the sailors.

TOPSY TURVEY TEA PARTY - Teams attempt to serve themselves an afternoon tea picnic whilst wearing inversion goggles, which make everything look upside down!

PICNIC PUZZLES - Teams sit down on the picnic blanket and are served our hamper of puzzles and challenges. They must complete as many as possible in the time given.

ENGLISH COUNTRY GARDEN - Teams race in wheelbarrows to water the flowers!

BEACH TOWEL FOLDING - A holiday favourite. Teams make animals out of beach towels.

BOAT RACE - Teams cross the "rolling" seas by moving the boat along rollers!

SURVIVAL.

Embark on a fascinating journey of survival and discovery with one of our bush craft experts. Our Survival activity has been designed to develop a strong team identity, whilst having lots of fun! A walk in the woods will never be the same again...

Survival Mission: To develop trust, establish structure and achieve a resilient team. *Survival Result:* Improved team cohesion. Individuals will also learn a range of new, transferrable skills, such as - adaptability, flexibility and positivity.

Example Format

Navigation – Participants will learn how to navigate with nothing but daylight. Once this is mastered basic tools are introduced to ensure safe passage in any survival situation!

Shelter Building – Learn how to make cover for the night, using basic equipment and your surroundings. It's essential to keep dry and warm if stranded under the stars!

Fire Lighting – A fire is a game changer in a survival situation - it offers warmth, allows purification of water and boosts morale. Using basic materials, our survival expert will demonstrate and then teach you how to start and nurture a fire.

Irrigation Challenge – This is a team challenge to build an irrigation system, to transfer water from point to point without wastage. Using bamboo canes and guttering, the team must navigate various twists and turns, to deliver the most precious resource to its final destination.

Axe Throwing – Learn an ancient form of hunting and see who can hit the bullseye!

Sniper Shooting – If you are lucky enough to have a rifle, you must know how to use it to shoot for food. The group will be taught the principles of marksmanship before being tested on their shooting accuracy.

CHALLENGE 100

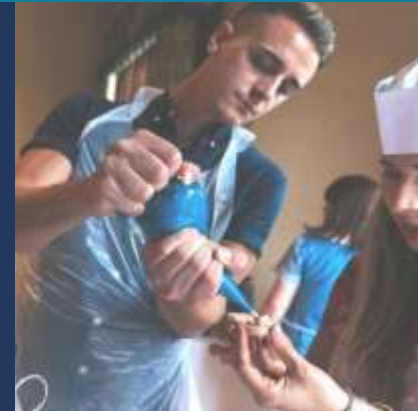

Madly manic, and frantically funny... Challenge 100 is creatively competitive. How many challenges can your team complete, before the time is up?

Your team will need to complete a range of creative, technical, mental, sensory, problem solving, physical and general knowledge games and activities. Time management, strategy and excellent use of individual team members' skills is the key to victory in this fast-paced team building challenge extravaganza!

Team challenges include; puzzle solving, boom-whacking, bell ringing, balloon modelling, trigonometry solving, cup stacking, beer mat flipping, giant dice building, mystery solving, etiquette relay racing, hand shadow making, jelly bean conversion scoring, blindfolded drawing, domino rallying, sailor knot-tying, card pyramid building, play doh modelling, plate spinning, juggling, hula hooping, Lego tower building and LOTS more. To say there's "something for everyone" would be an understatement!

On completion of each team challenge, groups are rewarded with fun money. Activities are categorised by difficulty - the more difficult the activity, the more fun money is awarded.

Teams will need to decide on their strategy: quality vs. quantity. Should you attempt to complete as many of the smaller team games as possible, earning your money gradually, or spend longer working on the more challenging team building activities for a bigger pay out?

ROLLERCOASTER

This collaborative event is a rollercoaster of an activity!

Working in small teams, you will first have to solve some puzzles in order to 'earn' your building materials for the activity ahead. Then you'll be tasked with creating a section of rollercoaster track with rods and cable ties. Your incredible feat of engineering needs to be strong enough to propel a football along it, whilst adhering to our strict building regulations – beware the building inspectors, they will be out in force!

Ultimately, teams will join their sections together to make one giant rollercoaster for a fun football- rolling finale! It's a team effort, and communication between teams - for hints, tips and technical knowledge – is both encouraged and necessary!

Rollercoaster will help enhance team work, ability to prioritise, problem solving, time management, organisation, creative thinking and leadership under time restraints.

SPY

00:00:22:48

• REC

Hunt

The Spy Hunt is our unique twist on a treasure hunt. Your group will be split into teams of 10 who begin the challenge by breaking into their briefcase! Inside will be a personalised dossier of information, including a list of RV points to meet secret agents and undertake challenges to earn the currency of the day – The Spy Dollar!

Armed with a digital camera, Spy Dollars, a unique password and a mission pack, your team will begin a series of intelligence gathering tasks/assignments around your chosen region. It is your mission, so amongst your team mates, you will decide how to execute your plan and earn the most Spy Dollars...Tasks involve; meeting with undercover agents to receive further intelligence, gathering clues from static locations, carrying out code breaking challenges to receive rewards and investigating local places of interest. Your mission will take just over 3 hours (shorter sessions are available). There will be approximately 10 different tasks / assignments for the teams to complete, some will involve Spy Dollar rewards and some will involve receiving additional intelligence from agents (or are they double agents!!) Additional Spy Dollars can be earned by producing a portfolio of photographic evidence, as requested in the teams' confidential dossier.

A note of caution - beware, undercover surveillance operatives may be watching your every move... Time is of the essence, so ensure you are at the RV at the specified time for the briefcase drop, as there is no time for error in this spy game! All staff are experienced instructors, so you can be sure that you will have a fun and exciting day in a safe environment. For this activity you will need to organise a start / finish point i.e. a hotel, office, bar, coffee shop, restaurant etc.

iPad Treasure Hunt.

If you're looking for a great way to get your guests out in the fresh air, enjoying a fantastic, action packed team activity then our iPad treasure hunts are the perfect choice! Based around your chosen location, venue or hotel and with the use of our dedicated app, we are able to provide a cutting edge game based on a traditional treasure hunt like no other. During the game, teams compete in a high paced and competitive atmosphere working together to find location based challenges that trigger via GPS. There is no set route, so teams must work out their strategy to make the most effective use of their time.

The event includes a combination of problem solving tasks, memory games, quiz questions and creative photo/video challenges. Teams may also be required to hunt for hidden virtual objects on the map, which will unlock special challenges and keep an eye out for interactive characters on the map that steal, or award valuable points!

There is so much more involved than taking crazy photos and answering interesting questions about the area or venue you are exploring. Here's a selection of other challenges that you may well be tasked with...

- BEAT THEM TO IT! - Race to special hotspots that disappear off other teams iPads if you beat them to it. Big Points!
- KEEP IN TOUCH - Banter with other teams as the game unfolds, or plead with the game master for help all via the app!
- ATTACK THEM ALL! - Use your armoury of digital weapons to slow down other teams by restricting the use of their iPad screen at critical times.
- AUGMENTED - Augmented Reality challenges open up a whole new element of game play!
- FLOATING TASKS - Complete special tasks at any time throughout the game when the time is right!
- HUNT OR RUN! - Not everything is static on the map! Look out for Zombies that hunt you down or grab a Pacman for extra points!
- 3 DIFFICULTY LEVELS - Spice things up and change the difficulty of the tasks for more or less points!

This activity is also available on boats, taxis and in mini cars.

VENUE SCAVENGER HUNT.

Go back to basics and explore a hotel like never before, with one of our Venue Scavenger Hunts. Combining photographic, mental and cryptic challenges within an intriguing web of clues, it's a fun and exciting activity for everyone. Just keep an eye on the clock, as time is not on your side!

After a briefing from our compere, teams will depart from 'base camp' (within the venue's grounds) with a cryptic clue pack, scavenger hunt list and ground map. With time ticking away, you must follow and solve the clues, scavenge various items, and complete photographic challenges as quickly as possible. Teams are awarded points for number of tasks completed and items collected to time, however, points will be deducted for those that return late!

Perfect for venues with areas of land, within a couple of hours teams can dust off the cobwebs and breathe in and benefit from the great outdoors - without straying too far from the beaten track!

Country Pursuits

Country Pursuits

Our Country Pursuit activities are a breath of fresh air, offering a mix of exciting, fun and memorable outdoor activities to bond your team. Our Country Pursuit activities can be operated in any suitable outdoor space (subject to venue agreement) and we can recommend locations if required.

*For country pursuit activities we recommend team sizes of no larger than 10 people.
Each activity rotation should be a minimum of 30 minutes and a maximum of 60 minutes.
i.e. for 28 people we would recommend 3 x teams of 9/10, with 3 x rotations lasting up to 3 hours*

Please note that when booking 3 or more activities a Firebird event manager is required: Cost POA

How the sessions run

If choosing one or two activities for your event, the operator will brief your group and keep score. Each activity will run between 30 minutes and 60 minutes.

When choosing three or more activities, a Firebird event manager is required on the day (see costs above). The event is normally run as a competition, with teams marked on ability, leadership and motivation.

After an introduction and safety briefing from our event manager / compere, teams will rotate through the activities, spending from 30 to 60 minutes on each.

NOTES

- Costs are per activity – not per head
- We are very happy to provide just one activity for your event, or as many activities as you wish
- Optional Team T-shirts: From £6.95 or Caps From £7.95 each

Expressive and collaborative, group drumming is inspired by team work and a love of music that anyone can take part in.

Incredibly fun and creative, 'Drum Circle' can enhance your team and their communication skills, helping your group and business thrive.

Throughout history drumming has been used as a form of communication. From ancient tribes to armies of the world; from religious ceremonies to music therapy in medicine - rhythm surrounds and permeates every aspect of our daily lives.

Taking groups of between 10 to 2000 people, we can effortlessly transform them into an exciting drumming orchestra! Supported by REMO (the largest drum company in the world) we can also offer you the largest selection of high quality instruments around. Within a very short space of time our superb Firebird drum facilitator (the 'Conductor') will get your group, playing music together and blending simple African beats with Samba rhythms.

Both practical and fun, our high impact 'Conductors' will energise the room, delivering new challenges to the team that will promote both commitment and focus. This creative workshop is a platform where individuality can be expressed, transforming your group into a high performance drumming team!

Benefits: Promotes high energy fun, highlight business messages, transcends hierarchy, age and cultural barriers, brings departments together, and creates a unique sound.

DRUMMING WORKSHOP

ART

MASTERPIECE

This team building activity is a stroke of genius! As a team you must release your inner artists and paint a masterpiece of epic proportions...

Split into teams of 6-8, each team must complete one section of the masterpiece. Not quite as straightforward as it seems, teams will need to collect information, blue prints and paints to complete their work of art.

With something for everyone, guests don't have to be artistic – but with a little creative flair, you'll be amazed what you can achieve. In addition to this, teams will also need to complete a series of mini trials. These tasks involve logical quizzes, puzzles, mental and visual challenges, and even some engineering.

This team build highlights the importance of teamwork, builds trust between and within teams, let's individuals focus on the 'bigger picture!', and helps sharpen problem solving, time management, organization and leadership skills.

At the end of the session the individual canvases will be joined together to create a renowned painting. At previous events the standard of the final artwork has been extremely high - most companies take their canvases away to be put up in their offices.

A mix of two of our most mindful activities – painting and gardening!

In this relaxed, creative and fun workshop, guests will paint and decorate a plant pot using paints, metallic pens, sequins, jewels, gems, ribbons or decoupage paper. Each delegate will have the freedom to come up with their own design, letting their creative side run wild! We'll then give them a plant to display in their pot!

At the end of the activity, each delegate will take home their potted plant that is as unique as they are, which can be given as a gift, or proudly displayed at home, or in the office.

We'll also give guests instructions on how to care for their plant, so that it will thrive - even for serial houseplant killers!

Could your company benefit from a stimulating experience? Does your team ever get a chance to express themselves openly? Want to have fun?

These highly interactive sessions are structured to inspire and develop attendees to think creatively, reason systematically, and in turn release their potential - building blocks for the future if you will!

Once briefed on the subject of their films, it's over to the teams to decide whether they would like to do a short film, documentary, music video, comedy sketch, promotional video or advertisement.

Planning their storyboards, the team must then assign roles to their team, deciding who will be the Director, who will be in charge of building the sets, filming, sound, voice acting / voice overs and editing.

With access to our extensive collection of Lego scenery, characters and props, and armed with tripods, lighting and microphone booms, it's time for the teams to get creative and film their work.

Once the films are 'in the can', teams can edit, zoom, cut, and add film effects such as black and white or speed settings using pre-installed apps. Choosing from a bank of sound effects and music, teams can also create their soundtrack.

As a fun finale, everyone gets to watch each other's work on a large screen, with the winning team receiving their prizes in an awards ceremony. Spot prizes can also be awarded for categories such as 'Best set design', 'Best editing' and 'Best voice overs.'

SCULPTURE.

A fun and creative model making event where teams express themselves through the medium of sculpture!

Teams design and create their own team sculpture to reflect their team, their work, the company, core company values, or something that fits in with the theme of the conference. Once teams have a subject in mind, they can then choose from a wide variety of media to create their masterpiece! Teams form their structure with wire before cladding it with plaster of Paris bandages, paper mâché, fabrics, cardboard, foam and recycled 'scrap'. Sculptures can then be decorated with paints, pens, sequins, embellishments and an abundance of knick-knacks, bits and bobs!

At the end of the activity, teams' sculptures will be displayed and presented to the rest of the group. Representatives from each team will describe what they have made and how it reflects their chosen theme.

This event can be held as a competition, with a prize for the winning team, or can be run as a collaborative event where the reward is for everyone to socialise whilst enjoying the 'gallery' together!

Benefits:

Communication, co-ordination, creativity, healthy competition, learning new skills, problem solving, sense of achievement, social interaction, team spirit, time management and fun!

Event Includes:

Event host and instructors, sculpting tools and equipment, craft materials, information packs, table covers, gloves, aprons and prizes!

Please note that your company will be responsible for taking the sculptures away at the end of the session.

A relaxing, tactile and fun workshop where guests design and create their very own bespoke clay pot.

In our clay workshop, delegates will enjoy the calming and sensory experience of working with clay - the perfect balance of mindfulness and playful fun.

Hosted by our expert, delegates will be guided through each step. First, they will learn traditional potters' slab building techniques to create their pot. Then things get really creative and guests are encouraged to explore their creative side, by making clay for their pot. They could decorate their pot with clay shapes, print messages into the clay with letter stampers, make stylish flowers, make it into a cute animal, a funny face, or whatever they wish!

Each delegate will have the freedom to create their own design, with guidance from our tutor, so that the group can enjoy the shared experience of learning a new skill together, while expressing themselves with their own personalised project. This approach makes the workshop suitable for all abilities, as the pot is supposed to be unique, not perfect! If time allows, guests can use their left over clay to create trinket dishes, or anything else they wish!

Pots can then be left as they are, displayed with their plant inside, or we'll advise on how to glaze, or paint pots if guests would like to do so at a later date. At the end of the activity, each delegate will take home a pot that is as unique as they are!

What is included: Event host, instructors, materials, tools, plants to display in pots, gloves, aprons and table covers.

We also run a Christmas Clay Workshop, where guests are given white clay to create bespoke hanging Christmas tree decorations / trinket dishes / anything they wish! Information available on request.

CLAY WORKSHOP

CANDLE MAKING

Join us for an immersive journey into the heritage craft of candle making! In this engaging workshop, you'll be guided step-by-step through the process of creating beautiful, handcrafted candles.

Discover the secrets to adding vibrant colours and captivating fragrances to wax, mastering wick placement and utilising both containers and moulds

You'll have the freedom to select your own colours and scents as you craft an array of items, including: a luxurious fragranced soy wax candle in a jar, a striking pillar candle in a mould, charming tea lights and delightful scented wax melts.

At the end of the activity, you'll not only take home a stunning collection of handmade candles - perfect for gifting or enjoying in your own home, but also gain the skills and confidence to continue your candle-making journey long after the event.

arm knitting

Guests learn the art of arm knitting to make a gorgeous snuggly chunky knit blanket or 2 scarves.

We'll teach guests how to use their arms in place of giant knitting needles in order to knit with super-sized vegan wool. And because it's so big, you can knit a blanket or scarf in no time!

Hosted by our expert, guests will be guided through each step and will learn how to cast on, how to knit and how to cast off – all with their arms! The result is a beautiful oversized handmade scarf or blanket that can be given as a luxurious gift or enjoyed at home with a good book and cup of hot chocolate for that cosy hygge feeling!

Join us for a fun and practical masterclass where guests get hands-on crafting their very own set of beautiful, eco-friendly bar soaps!

Hosted by our expert, guests will be guided through every step, from preparing moulds, melting the soap, adding dyes and fragrances and creating fun visual effects. Guests can infuse their creations with chosen colours, captivating fragrances and natural additions like dried flowers / herbs, or invigorating exfoliants, such as ground pumice, peach stones and strawberry seeds.

This eco-friendly activity is a fantastic choice! Not only do bar soaps have a significantly better carbon footprint than bottled liquid soaps, but because our ingredients are already saponified, guests can relax and enjoy the artistic process without worrying about harsh chemicals.

Guests are also provided with a selection of card to choose from and are taught how to fold their very own gift boxes. At the end of the activity, guests leave with a stunning set of handmade soaps, perfect for unique gifts, or for adding a touch of luxury to their handwashing routine!

An eco-friendly team event where teams make items that benefit nature.

Nest boxes are becoming vital for breeding birds. Due to tidier gardens and woodland areas, and modern buildings with fewer nooks and crannies, many will struggle to find a suitable nesting site for the breeding season. The population of some bird species has decreased, and the British Trust for Ornithology (BTO) is now calling for homeowners to put up more nest boxes for declining garden birds. In this fun, hands-on activity, guests make their very own cosy bird house to provide a safe space for birds to shelter in the winter and breed in the spring.

Teams begin by completing a series of eco and nature-themed challenges in order to earn their materials. Activities include audio challenges, like guessing the bird from the song, nature-based puzzles, and practical challenges such as making eco butterfly and bird feeders, insect houses, and—as a treat for the bees, bugs and butterflies—teams will hand-roll some wildflower seed bombs! Once teams have earned their equipment, they then work together to assemble their very own bird house (enough for every guest to make one). Guests will be guided through each step, assembling the bird box piece by piece.

We'll also give tips on the best places to put them, how to maintain them, and how to attract visitors. At the end of the event, guests will have bonded as a team, spent time learning about and appreciating nature, and will each have their bird box to take with them—either to use in their own garden or outdoor surroundings, donate, or give as a gift.

Benefits: Mindfulness, wellbeing, eco-awareness, relaxation, collaboration, time management, team spirit, creativity, logical problem solving, communication, coordination, social interaction, sense of achievement, and fun!

In this hands on workshop, guests get to create their very own kokedama!! The Japanese word kokedama literally means ‘moss ball’, where plants are wrapped up in a ball of soil and moss.

This ancient Japanese art form is still popular in Japanese gardens today, as well as being the newest botanical craze to sweep the planet! Planted arrangements are growing in popularity, replacing cut flower arrangements as a more eco-friendly way of decorating our homes with nature.

Hosted by our expert, guests will be given a demonstration on traditional planting and wrapping techniques and how to mix ‘poor man’s bonsai’ soil! Guests then get their hands dirty mixing their soil, applying their moss and wrapping their plants.

Kokedama can either be displayed on an ornamental plate or strung up for added kokedama drama! We’ll teach guests how to make a macrame string cradle to hang their kokedama in and guests will make various projects so they can try out different plants, techniques and display options. Not only do kokedama look stunning, but they are also wonderfully low maintenance!

We’ll give advice on how to care for them so that even the self confessed plant killers can get theirs to thrive! At the end of the activity, guests will take home their unique plant arrangements to give as gifts, or bring a bit of nature indoors.

Benefits: Connecting with nature, creativity, eco-awareness, learning new skills, mindfulness, morale boost, relaxation, self- expression, sense of achievement, shared experience, social interaction, stress relief, team bonding, wellbeing and fun!

KOKEDAMA WORKSHOP

everlasting wreath making.

A modern take on wreath making, where guests make an everlasting wreath using dried flowers and foliage.

Guests make their own everlasting wreath using dried flowers and foliage. Hosted by our expert, guests will be guided through each step of creating their wreath, using dried flowers and materials such as pampas grasses, broom and lagurus 'bunny tails'!

We'll teach the traditional florists' method of wiring their dried flowers onto a sustainable rattan hoop. This can be done as a masterclass, with all guests taking part together, or as a drop in format, where guests join as and when they like. At the end of the activity, guests will have a beautiful modern wreath that can be given as a gift, or proudly hung on the mantelpiece. And, as the flowers are dried, it'll last for many years to come! We also offer a Christmas themed workshop.

A Creative Workshop of Florals, Connection, and Show-Stopping Design

Tablescaping is more than just setting a table - it's an immersive art form that transforms dining into a visual and emotional experience. In this unique, hands-on workshop, you'll learn how to design and build a stunning tablescape that reflects the season, your personal style, and the joy of shared moments.

What to Expect

Led by one of our expert florists, this 1.5-2.5hr workshop will guide you through the fundamentals and finer details of creating a truly memorable table setting. You'll begin with a warm introduction to the concept of tablescaping - its origins, purpose, and how it brings people together. From there, our florist will introduce you to a curated selection of seasonal florals, foliage, and natural elements that you'll be working with during the session. We'll then move into a step-by-step demonstration where you'll learn how to create beautiful mini arrangements and accent pieces, with guidance and support provided every step of the way. This is a collaborative, creative experience - questions are welcomed, and personal touches encouraged.

The Grand Finale

As the session comes to a close, the magic truly happens. Each guest will contribute their individual floral creations to a collective, seasonal tablescape - a breathtaking table display that showcases the creativity of the group and celebrates everything you've learned. It's the perfect photo opportunity - and a moment you won't forget.

What's Included

All seasonal flowers, foliage, natural elements, tools, vessels, aprons, expert floral guidance from a professional florist, your own floral creations to take home.

Take Home More Than Flowers

You'll leave the workshop with your own mini arrangements, a deeper understanding of floral styling, and the skills to recreate your own beautiful tablescapes - whether for everyday charm or that next special occasion.

FLORAL TABLESCAPING WORKSHOP

Caricaturist Workshop

How do you doodle?! Suitable for beginners and experienced artists alike, this crash course in caricaturing by one of our UK's top artists, is guaranteed to bring out the cartoonist in everyone, with lots of laughter and participation along the way.

This workshop combines practical demonstrations with hands-on tuition by a professional, but light hearted host. Even if you can only draw a little, you'll be guided step by step, through the cartoonists craft: from drawing basic shapes, to how to build them in to energetic cartoon characters.

You'll learn how to 'see' a caricature, how to break down a face to its distinguishing features and how to distort them in a lifelike way, what to exaggerate and what to leave out, how big to make 'that nose' and when to scale it down! You'll learn techniques on how to evolve a cartoon, how to inject it with 'life' and then adapt it to any situation.

With an emphasis on positive thinking and how to look at the human face, this workshop is challenging, rewarding and fun for everyone. You will learn how to acquire confidence in your abilities and how to realise your ideas on paper, understanding how to laugh at yourself and that not everything has to be perfect!

MAGIC WORKSHOP

Conjure up a truly magical day and learn secrets from the Magic Circle in this workshop that is more than what it seems!

Led by a professional magician, our fun and exciting team building workshop will take you through a brief history of magic. Then you will be taught a repertoire of carefully crafted magic tricks which everyone will be able to perform by the end of the session.

Alongside the trickery, this activity is much more than magic – shown from a different perspective, you will learn universal principles and skills:

- Creative thinking and problem solving.
- How to break the ice at meetings.
- How to connect with your audience.
- Making your message memorable.
- Delivering a powerful performance.

Perfect for a conference energiser, ice breaker or away day, you will be able to entertain your colleagues, friends and family with what you have learned, as well as being more confident in your own abilities.

Itinerary includes:

- Introduction, magic show and brief history of magic.
- Learning magic tricks (guests will also be giving some tricks to take home).
- If time allows, groups can select a 'winner' for their group who goes head-to-head against other group winners. Find out who is the most magical team member.
- Skills recap and a show finale.

SUGAR SCHOOL

Our sugar craft activity is a great way to learn new cake decorating skills and pick up professional hints and tips. Perfect for those who like to have their cake beautifully decorated, before they eat it!

From basic to advanced, our Sugar Chef will first demonstrate each technique, before letting you loose with your creativity. Guests will be taught how to correctly use sugar paste tools and create sugar roses and flowers. Then you'll be making your own modelling paste to create people, animals and items.

After mixing the perfect royal icing – it's time for piping skills – where the only limit is your imagination. If followed with a baking activity, guests can then use their sugar craft creations to decorate the cakes and biscuits they bake later.

Benefits: Creativity, time management, learning new skills, sense of achievement, social interaction and fun!

Ice Cream Workshop

Have your mind blown, not frozen, by this indulgent and innovative ice cream team build challenge!

Have fun, synchronize your taste buds and create a new flavour of ice cream as a team. Then it's up to you to develop your brand and marketing strategy in order to maximise sales. But who will come top in the all-important taste test? With a wide range of not-so-obvious ingredients, it's up to you how outrageously adventurous you become....remember Heston Blumenthal's gourmet egg and bacon ice cream?!

Once your culinary skills have been put to the test – it's your marketing abilities next. When you have come up with the name and design, you'll need to build your packaging prototype - which needs to reflect your brand and appeal to your target market. Then put together an advertisement.

To make the process even more challenging, teams must stick to a limited time scale and budget to achieve sweet success. Extra points can be earned by completing additional fun quizzes and games.

The proof, as they say, is in the pudding – so after a rigorous tasting session each team will present their sales pitch to the judges and perform their adverts in a fun finale! Judges will then decide which team has produced the most successful ice cream and the winning team will be revealed!

What is included: Top quality ice cream making equipment, ingredients, recipes (including dairy free alternatives), craft materials, information packs, disposable table cover, gloves, aprons, props, costumes, first aid food hygiene trained staff and prizes for the winning team.

Cup Cake Challenge

Our Cupcake Challenge is a fun and delicious way to work together as a team.

Similar to the kind of challenge seen on “The Apprentice”, teams will invent, create and market a new brand of mouthwateringly delicious cupcakes!

Each team are provided with a set of plain cupcakes to customise and begin by inventing their new cupcakes... With a wide range of ingredients and tools available, teams can let their imaginations run wild as they decide how to decorate their cupcakes. Teams can try out a variety of types and colours of ingredients and experiment with different plungers, cutters, moulds and nozzles in order to make their sweet treats unique!

Teams then develop their cupcake brand by giving it a catchy name and designing and making the packaging. Ingredients and packaging materials are priced, so teams will need to keep an eye on costs and decide how they will price their product to make the best profit. Teams then develop their marketing plan and must decide who their product is aimed at, how they are going to appeal to their target market, what USPs their product has, where it will be sold and at what RRP. Teams then pitch their product, brand and marketing strategy in a presentation to the judges and, as a fun finale, teams perform their own advert!

Prizes will be awarded to the winning team and, as a fun and sociable conclusion to the event, teams can dig in and enjoy their cupcake creations together!

What is included

Event host, instructors, ingredients, tools, utensils, aprons, gloves, table covers, props, costumes, team packs, stationery and fun prizes

Treat your team to an unforgettable, chocolate-filled experience...

THE MAGIC OF CHOCOLATE: A HANDS-ON JOURNEY

We've crafted an interactive and luxurious Belgian chocolate-making workshop, perfect for networking with colleagues, so get ready for an experience that will delight your senses and satisfy your sweet tooth!

FROM BEAN TO BAR: THE CHOCOLATE STORY

Dive into the fascinating world of the cocoa bean. Discover its origins and history, and learn how this humble bean transforms into the delicious chocolate bar we all know and love. We'll bring along real cocoa pods and beans so you can touch, smell, and even taste them for a truly immersive experience.

MASTER THE ART OF CHOCOLATE

Watch in awe as our Michelin-star trained chocolatier demonstrates the secrets of professional chocolate making. You'll learn essential techniques like tempering, dipping, and creating luxurious ganaches using a wide variety of exquisite flavours, including peppermint, raspberry, orange flower, ginger, rosewater, lavender, lemon, lime and cinnamon. We can also incorporate popular liqueurs like Marc de Champagne, Baileys, Brandy, Tia Maria, Rum and Cointreau, depending on your company's alcohol policy. After the demonstration, it's your turn to get hands-on and put your new skills to the test! We'll share all the professional tips and tricks as you taste, shape, dip, and decorate 20 of your very own gourmet chocolates. At the end of the session each guest will get the opportunity to gift-wrap their handmade chocolates to take home as a delicious memento of the event.

Beyond being a fun and delicious activity, the workshop is designed with corporate social responsibility in mind, using fair-trade chocolate and sustainable packaging whenever possible.

What us included: Michelin star trained chocolatier, event crew, interactive chocolate making demonstrations, wow factor chocolate zones for each team, couverture chocolate, flavorings, toppings, specialised chocolate making equipment, chef hats, aprons, recipes, luxury packaging, bags, bows, boxes and medals for winning teams.

BELGIAN CHOCOLATE MAKING

CHOCOLATE FACTORY CHALLENGE

Indulge in our Chocolate Factory Challenge where teams go head-to-head to invent a brand new box of chocolates!

First, teams must create their chocolates. With a wide range of ingredients, teams must choose which type of chocolate to use and which fabulous flavours to fill them with. Once you've decided, it's time to get chocolatey! Combine and create your fillings and then smother them in melted chocolate. Icing, toppings and sprinkles make your chocolates complete.

Then it's time to develop your brand – name, design, price and packaging. As all ingredients and packaging materials are priced, you'll need to keep an eye on costs! Teams must then pitch their product and marketing strategy to the judges and perform their own advert as the fun finale! Bonus points can be earned by completing additional fun team games. Prizes will be awarded to the winning team, and everyone can take some of their creations home with them.

Aim of this chocolate coated team build – to encourage innovative thinking, develop business skills, stimulate creativity, improve time management, demonstrate budget control, promote healthy competition, build team spirit, develop communication skills and have fun!

Delightfully delicious – get your bake on in this sweet treat of a day! With your own cook station, mini oven and recipe cards, your team will need to go head-to-head to beat the competition. Our expert chefs are on hand to give advice, tips and techniques on the three challenges you must face as a team.

Signature Bake - Biscuits: Teams must take the biscuit (!) and perfect either shortbread, ginger snaps or chocolate chip cookies.

Technical Challenge - French Macarons: Not to be confused with macaroons, these are French, meringue based bakes that melt in the mouth and are filled with buttercream or ganache. Macarons are tricky to perfect and, just to make it more fun, we've deliberately kept the recipe basic to test teams' baking techniques!

Showstopper - Victoria Sponges: Show off your sugar craft skills by decorating with icing and handmade decorations. This event can be held as a competition, with a prize for the winning team, or can be run as a relaxing collaborative event where everyone shares and enjoys creating their treats

Finale - Guests can display their bakes for judging and then relax whilst enjoying their endeavours – perfect for those with a sweet tooth!

What we require

- Indoor space with 2 hours set up time.
- Access to kitchen for washing up is desirable
- 1 x team 6ft round table and 1 x 6ft x 2ft trestle table per team and 3 x 6ft x 2ft trestle tables for our equipment.
- Ability to have the fire alarms turned off in the activity room (only if possible).
- Our ovens are 1500 Watts each and need 6 Amps of power, 4 ovens work fine on standard room sockets, anymore require 32 or 63 amp 3 phase power (we can check this with your venue if required).

Bake THAT!

Tea is more than just a beverage. It's a lifestyle, a universal treasure and a powerful way of bringing people together. During our tea masterclass, our host will lead you along the tea route from China to Tibet, then on through India and Kenya until we finally stop for a cuppa in the UK!

In this engaging tea tasting experience, you'll get to know the reason why tea drinking represents community throughout the world, and why it encourages support and respect. We'll guide your team through the fun connection between tea and teams, while refocusing their energy, reducing stress, and cultivating a sense of togetherness.

Reception Drinks:

Upon arrival, guests are shown to their seats, split into teams and served a relaxing, stress relieving chamomile tea.

Introduction:

Once your guests are seated, our host will give an introduction, followed by a brief history and description of each of the major tea producing countries and a tutorial on how to taste tea.

Tasting Challenges, Matcha Latte Art and Brewing:

Now things become serious! There will be a total of five 'blind' tasting challenges featuring tea from around the globe – each picked in a random order. After sampling each tea, it is up to the teams to try and guess the type, country of origin, and three tasting note descriptions. We have handy cards with key words and phrases to help the teams. Guests are then given a 15 minute break to enjoy their tea, relax, unwind and most importantly connect with each other. Next up is a spot of latte art... Our barista will demonstrate various styles of latte art, whilst dropping a few hints and tricks of the trade to make things a little easier. Using Matcha green tea, each participant then froths their own milk and produces their very own Mona Lisa Matcha latte! To finish off, it's time to relax over a cup of homemade tea. Each team is given free rein to make a pot of bespoke tea using over 25 herbal blends with each ingredient having its own unique properties.

Prize Giving:

It's time to test the palate! Once all the teams teas have been brewed, it's over to our host to judge the quality of your blend. The victorious group will receive some high end tea to take home and brew at their leisure!

The event usually takes 1.5 hours depending upon the group size and works ideally as a morning, or early afternoon break out session, or even as pre dinner entertainment. We are more than happy to make changes to the session to accommodate for shorter time periods - we have several other formats if your event has specific requirements.

Notes

Costs: POA

Guest numbers: 5 – 150 (note our minimum spend is based on 10 people)

Activity duration: 1.5 hours

Furniture requirements from venue: Tables and chairs for all guests, 3 x 6ft x 2ft trestle tables for our equipment

Water requirements from venue: Access to water from a sink to fill up our water boilers, sink does not need to be in the activity room just nearby.

What we provide: Flashcards, tea literature, 40 teas, herbal tea ingredients, cups, teapots, hot water urns and milk frothers.

Liquid Health is our health and wellbeing masterclass that revolves around our three core principals: Rehydrate, Recharge and Replenish. Taught by some of the country's leading bartenders, guests take part in interactive mocktail challenges, learn new skills and above all, bond whilst having fun in a calm and relaxed environment.

Rehydration Reception Drinks:

Upon arrival guests are served a bespoke citrus and herb infused spring water mocktail to rehydrate after their daytime activity.

Team Introduction:

Once your guests are seated, one of our top bartenders will provide an overview of the session. They will then be taught the importance of soft drinks as part of a balanced diet, how best to consume their daily intake of fluids and the products we will be using, along with the health benefits they provide – everything from water to fruit juices, fresh fruit to vegetables, seeds to berries and herbs and spices.

Mixing Methods:

Now things become serious! Guests are split into teams and asked to observe carefully. After watching cocktail methods demonstrated clearly through our bespoke recipes – each team will have to recreate what they have been shown at their table. They will be shown: Rehydration – a spring water infused mocktail using fresh fruit and herbs, muddled and churned. Recharge – a blend of fresh fruit juices and natural energy shots, shaken and strained. Replenish – a smoothie blended with fresh fruit, vegetables, herbs and spices. We will judge the efforts and mark each out of ten. There are several rounds, using different methods to create the drinks – including muddling and churning, shaking and straining and blending.

Mixology Challenge:

Remaining in teams guests are presented with two mystery ingredients – one fresh fruit, and one fresh fruit juice. There will be a plethora of extra ingredients for guests to choose from – fruit juices, fruits, vegetables, herbs, spices, natural energy shots, seeds and berries. Using their newly acquired knowledge of mixing methods and the properties of the ingredients shown, they will be invited to create their own bespoke team super smoothie. Teams will work together to make their smoothie... points will be awarded for style, taste, name, originality etc. Our bartenders will mingle to add encouragement too.

Prize Giving:

Groups present their smoothie alongside creating an advert for their new concoction. Prizes will be awarded for the best smoothie!!

If you're looking for a truly unique activity, want to try something a little different and learn a new skill whilst building relationships with colleagues, then why not do it over a few beers!

We have created a beer masterclass that takes you from Neolithic Europe to the modern microbrewery in 1.5 hours, making several stops along the way for a few swift halves! It doesn't matter if you are a lager connoisseur, or an IPA aficionado, we have all angles covered.

Reception Drinks:

Upon arrival guests are shown to their seats, split into teams and served a glass of lager which will be the first of five tastings.

Team Introduction:

Once your guests are seated, one of our bartenders will give an introduction, followed by a brief history and description of each of the major types of beer and a tutorial on how to taste beer.

Tasting Challenge and Quiz:

Now things become serious! There will be a total of five 'blind' tasting challenge rounds featuring a lager, ale, IPA, flavoured IPA and stout – each picked in a random order. After sampling each beer, it is up to the teams to try and guess the type, country of origin and three tasting note descriptions. We have handy cards with key words and phrases to help the teams. After each tasting there will be beer related quiz questions to give everyone an opportunity to further enhance their knowledge whilst enjoying the beers they are served.

Prize Giving:

Once all five beers have been tasted and the final quiz questions answered, we will tot up all the scores and announce a winning team. The victorious group will receive a prize.

The event usually takes 1.5 hours depending upon the group size and during this time 5 x 330ml beers will be served. There are breaks to allow for the drinks service and mingling – the masterclass works ideally as pre dinner entertainment. Beer Masterclass

If you are looking for a truly unique way of trying something a little different, learning new skills whilst building relationships with colleagues then why not do it over a cup of coffee...

We have created a coffee masterclass that takes you across the 'bean belt' from Brazil to Vietnam in 1.5 hours, making several stops along the way for a few shots of espresso! It doesn't matter if you are a coffee connoisseur, or an espresso enthusiast, our baristas have all angles covered.

Reception Drinks:

Upon arrival guests are shown to their seats, split into teams and served a double shot of espresso.

Team Introduction:

Once your guests are seated, one of our baristas will give an introduction, followed by a brief history and description of each of the major types of coffee beans and a tutorial on how to taste coffee.

Tasting Challenges, Latte Art and Cocktails:

Now things become serious! There will be a total of five 'blind' tasting challenges featuring coffee from around the globe – each picked in a random order. Next up is a spot of latte art...Our barista will show various styles of latte art whilst dropping a few hints and tricks of the trade to make things a little easier. Each participant then froths their own milk, chooses their favourite coffee and produces their very own Mona Lisa latte! To finish off, it's time to relax over a coffee cocktail (or mocktail). Our barista will shake up an Espresso Martini, demonstrating a perfect pour and giving everyone the confidence to grab a cocktail shaker and mix up a masterpiece.

Prize Giving:

Once all five coffees have been tasted, latte art critiqued and cocktails quaffed, we will judge which group has proved to possess the skills needed to become a top barista. The victorious group will receive some high end coffee to take home and brew at their leisure!

The event usually takes 1.5 hours depending upon the group size and works ideally as a morning, or early afternoon break out session, or even as pre dinner entertainment. bread Making Masterclass

Guests learn the art of bread making and make their own bread and butter!

The activity begins with a demonstration by our bread chef where guests will learn bread making tips, tricks and kneading techniques to make a yeast risen loaf. Guests then use what they've learnt to mix their recipes, knead their dough and leave it to prove. While loaves are proving, guests make a soda bread as well as their own homemade hand-churned butter!

Once loaves are proved to perfection our bread chef will give another demonstration on how to knock back and form their dough into different shapes. Guests can then choose to make a classic square tin loaf, a round cob, bread rolls, or they can really get creative by plaiting or shaping their dough.

While loaves are in the oven, we'll keep guests amused with some fascinating facts about bread and a fun "use your loaf" quiz!

At the end of the event, each guest will have made two loaves of bread and a block of butter. We'll give everybody the recipes and instructions so that they can use their newfound skills at home. The event concludes with a wonderful display of different loaves where a winner can be chosen. Guests can then enjoy their bread together or we'll give them bags to take their bread home in. (Note when guest numbers are more than 10 guests will work in pairs and will make / share the loaves between them)

What is included:

- Bread Chef, event manager, first aid and food hygiene trained staff
- Cooking utensils, equipment and mobile ovens
- Ingredients / recipe cards and paper bags to take bread home in
- Table covers, gloves, aprons, hats, team packs, stationery and prizes

What we require:

- 63 amp three phase power
- Indoor space, with 2 hours to set up
- 1 trestle table per person (for oven and cookstation)
- 3 trestle tables for our equipment
- Access to kitchen for washing up is desirable

Notes:

Evening Activities

MURDER MYSTERY

Firebird Events invite you to an unforgettable evening of drama, intrigue, laughter and excitement. Usually unfolding over dinner; your guests will be the key witnesses to a murder and must attempt to discover the guilty party. Using top West End actors and a brilliant script - we offer an entire evening's entertainment that is perfectly suited to any event.

The entertainment begins during pre-dinner drinks, as our colourful characters welcome guests; allowing them to get acquainted with everyone involved. Foul murder takes place during a pre-dinner speech and guests are separated into teams to work together and solve the crime. Hilarious short scenes are enacted over dinner as suspects are interviewed and guests have the opportunity to interact with the suspects to help them form their conclusions. At the end of the evening the teams present their findings before our investigator reveals the real killer and the motive. Order is restored, a winning team is announced, and prizes are awarded.

The plot... 'Murder at Lovelace Manor'. A classic 1920's mystery in which you and your guests have been invited to a charity evening at the home of Lord and Lady Lovelace. The evening takes a turn for the worse as a murder is committed and the suspects are brought forward. Using your powers of deduction, you must analyse the evidence needed to bring any dirty secrets and sordid lies to the fore and bring the culprit to justice!

Suitable for any size event, our murder mysteries are the perfect solution for private dinner parties, corporate events or as a team building activity.

Suggested Format (times can be flexible):

5.30pm - Actors arrive on site.

7.00pm - Guests arrive for pre-dinner drinks

7.20pm - Actors join guests towards the end of pre-dinner drinks.

7.30pm - Actors announce dinner and guests are escorted to the dining room.

7.35pm - Once guests are seated for dinner - the murder is committed! The activity is explained, guests are separated into teams and clue packs are handed out.

7.45pm - Starter is served (venue must allow 10/15 minutes after guests are seated before the first course is served)

7.45pm - 9.30pm - Intermittently throughout the evening - suspects are brought forward and interviewed. Teams conduct their investigations. Venue to continue service as normal (no breaks are required between courses)

9.30pm - Teams ask their final questions and complete conclusion sheet detailing their answer.

9.45pm - The denouement. Teams present their findings and murderer is revealed.

10.00pm - Evening is brought to a close and the winning team is announced.

What is included:

4 - 6 professional actors playing 5 - 7 characters, with bespoke script.

Blank firing starting pistol, provision of team names, clue packs and posting of room clues.

All props and character costumes.

Site preparation and technical coordination with venue staff.

THE DE GENERATION GAME

The De-Generation Game is a hilarious homage to the TV show that was so popular in the 70s, 80s and 90s. Packed with seriously silly, but fantastically funny games – this is an activity that works brilliantly as an ice-breaker or for teams who know each other well.

Teams will need to battle it out with challenges ranging from Moari HAKA dancing to balloon modelling and cake decoration. With everyone pulling together, these games are brilliant for team bonding, but more than that, they are fun. Remember, “Life is the name of the game.”

Activities can include up to 5 of the following:

- **Balloon Modelling** - Teams must recreate an amazing balloon model after watching the demonstration.
- **Giraffe** - Create the tallest free-standing giraffe using only newspaper and sellotape. Random, but fun!
- **Cake Decorating** - Groups must portray their team through the medium of cake decoration!
- **Doctors and Nurses** - Teams are given a first aid lesson before bandaging up their team mates and sending their best patient to the front for Matron's inspection.
- **Face Painting** - After a demonstration, teams must give each other a make-over with face paints!
- **Plate Spinning** - Master the art of plate spinning, which isn't as easy as it looks!
- **Trashy Fashion** - Design and create an outfit out of bin bags, ribbons, and other craft materials for one of your team to model. Strutting their stuff on the catwalk, they must wow the judges with your stylish garment!
- **Body Parts (“Pin the Coccyx on the Sacrum”)** - Teams stick pictures of unidentified body parts in the anatomically correct place on a team mate, but will they pass our diagnosis?

What is included: Standard format of 5 activities, plus finale. Game show presenter, event crew, activity instructors, PA system, music (including Generation Game theme tune), LCD projector, big screen, scoreboard, ‘clap-o-meter’, all activity equipment, team packs and stationery and prizes

Great evening entertainment, unrivalled networking and the opportunity to test your investment skills. Antiques Auction is an ideal activity to hold around your evening dinner. It provides a fantastic way for your team to just relax and enjoy themselves.

As your dinner guests have their pre-dinner drinks, they are greeted by our esteemed auctioneer and team. With catalogue in hand, your surprised guests can then chat with each other and view the auction lots situated around them. Before dinner and between courses, we auction off each of the items to the group. They all start off with a handsome credit balance to play with, so it's not long before the arm chair experts, wine buffs and art critics are sucked into the bidding wars.

After the money is spent and the risky bids are all done, Miss Funnypenny (our accounts manager) will cook the books to find out which table bought the bargains and swerved the red herrings. Only one table can be victorious but it's hilarious to find out the ridiculous over-spending from the others!

Debate, confirm or discard is the name of the game, keeping one eye on the credit and another on potential dodgy deals. Our Antiques Auction is specifically designed to add tremendous fun and excitement to your corporate dinner without disrupting the meal. It provides an ideal opportunity for people to get to know each other and to find mutual interests. Participants have a great time.

SPY

00:00:22:48

• REC

Evening Challenge.

The Evening (or Lunchtime!) Spy Challenge runs alongside a meal and is run with each table becoming team, who are competing against the other tables for the coveted Spy Dollars! Challenges and activities are run at each banqueting table, by pooling together the groups knowledge and skills. This is usually held on banqueting rounds of 8-10 participants, but we can be flexible on this to accommodate whatever you'd like.

This event is a great way to create interaction and communication, without disrupting the dinner service. Participants remain seated with their team whilst special agents deploy various activities and challenges to their table. Initially, a locked briefcase is given to each team and they need to crack the code to open the case. Once inside, a number of paper based observational challenges will test the tables knowledge and skills.

In between courses, the tables are invited to take part in further code breaking challenges, as well as a surveillance challenge after watching a short clip from a famous James Bond film! All challenges are completed to gain as many Spy Dollars as possible, providing entertainment from the moment guests sit down at the tables, until the meal has finished.

After dessert, all cash and answer sheets are collected and the table/team with the most Spy Dollars at the end of the evening will be crowned 'Spy Challenge Champions', with each member of the team receiving a coveted winner's medal!

Typical running times for this event is from 7.00pm – 9.30pm, but we can be flexible to suit your event.

Let us entertain you with a night at the races.... Experience the thrill of a flutter on the horses, and hold on tight through an action packed evening, all in the comfort of your chosen venue.

Fabulously themed, and hosted by our amazing Compere, this is a fun and all- inclusive activity for everyone. Typically run between courses and at the end of dinner, our Compere will present 6 – 8 races. Using large screens and a professional sound system, you'll feel as though you're really there.

Following an engaging introduction, each table (team) will be given some starting fun money. You must then work together to decide which horse(s) to back and what you're prepared to gamble at the tote desk. Run by our operators, our themed tote's digital betting system ensures a quick pay-out!

With commentary run alongside each race, you'll feel the build-up of excitement. With every race a close call, and the winner in doubt right up to the post, you'll be put through your paces, shouting and cheering as you watch your horse jockeying for position on the home stretch. Hands down, this is the most entertaining, amusing and comfortable night at the races around – Let the racing begin !
